Driving Record

Make a chart for each driver and keep a record of every trip for a week. Record the purpose and mileage for each trip.

Date	Purpose	Miles
1/4	To work and back	14
1/4	Grocery store	11
1/4	Library	2
1/5	To work and back	14
1/5	Scout meeting	4
1/6	To work and back	14

Date	Purpose	Miles
1/6	Gas station	8
1/6	Piano practice	3
1/7	To work and back	14
1/7	Bowling	5
1/8	To work and back	14
1/8	Movie	12

When the week is over, study the number of trips, their purpose and the total miles driven. Develop a plan with your family that will reduce the number of trips and the miles driven. Repeat the process for another week. Total the number of trips and miles driven. Compare the two weeks' data. How many miles and trips are saved? If your car averages 13 mpg, how much gas did your plan save in a week? How much money was saved? How much would be saved in one year?

FAMILY MEMBER

Family Member Activities at Home

Your Scout is working on the Family Member Activity Badge this month. This badge requires work to be done at home. It is not necessary to complete all of this material during the month, but your Scout will learn a lot about helping in your family by doing these activities. Please work with your Scout, and help him complete as much of the following as possible during the month. We will be discussing these activities each meeting, so please send this to the meetings in your Scout's binder.
